

VAIDIO CAM APP

WWW.AICUDA.WORLD

The Vaidio Cam App enables any smartphone to be associated with your Vaidio server as a live camera feed for Face Recognition and License Plate Recognition and protects privacy by working exclusively with Vaidio face or license plate databases.

FEATURES

- ❑ Turn any smartphone into a live camera for Face Recognition and License Plate Recognition
- ❑ Manage permissions for user accounts and groups to select who can access Vaidio via the Vaidio Cam app
- ❑ Receive alerts live on the Cam app, or in the Vaidio alert dashboard or standard mobile app

BENEFITS

- ❑ Use any smartphone (iOS or Android)
- ❑ Available in the Apple App Store or the Google Play Store
- ❑ Protect privacy by working exclusively with faces or license plates stored in Vaidio databases
- ❑ Utilize while moving and still capture faces and plates

About Aicuda Technology

The Aicuda Vaidio™ AI Vision Platform orchestrates multiple AI video analytics engines to provide higher accuracy and lower total costs across the industry's broadest array of video analytics. Vaidio solutions are deployed by government organizations, airport and maritime authorities, defense departments, schools and campuses, manufacturing and healthcare facilities and other critical infrastructure organizations across the globe to rapidly detect, track, identify, search, and view thousands of objects and receive real-time notifications of critical events. Aicuda's patented self-learning video analytics software seamlessly integrates with a large variety of 3rd party products. Aicuda sales and engineering teams are strategically located to provide services and support to customers around the world.
