

CAR RENTAL FACILITIES

www.aicuda.world

The Vaidio™ AI Vision Platform uses advanced AI to make video monitoring, access control, security alerts, health screening and forensic investigation more accurate, more automated, and more affordable - and helps make your business safer and more secure.

Vaidio is an ideal solution for Car Rental facilities wishing to be more productive and more secure. Vaidio allows for automated access control, loss/theft prevention, and increased health safety with the industry's broadest array of AI-enabled video analytics. Vaidio is compatible with nearly any IP camera and most 3rd party VMSs, making the set-up process seamless and simple.

**ACCESS
CONTROL**

**LOSS/THEFT
PREVENTION**

**HEALTH
SAFETY**

VAIDIO APPLICATIONS

ACCESS CONTROL

- ❑ Enable easy access control for cars with License Plate Recognition in garages and parking lots
- ❑ Allow only vehicles with plate numbers that are in your database to enter
- ❑ Integrate with 3rd-party gate automation systems to authorize access
- ❑ Utilize Face Recognition for convenient and secure employee facility access
- ❑ Match customer faces with their respective rental cars upon return to ensure validity

LOSS/THEFT PREVENTION

- ❑ Prevent vehicles from being stolen by improving facility security with Intrusion Detection
- ❑ Blacklist any criminals, thieves, or suspicious individuals and receive alerts upon their detection
- ❑ Locate stolen vehicles with Vehicle Tracking across multiple cameras
- ❑ Use Vehicle Counting and Vehicle Make and Model Detection to keep track of vehicle occupancy levels at any garage/lot and ensure rental car inventory numbers line up

HEALTH SAFETY

- ❑ Reduce the cost of COVID-19 health screenings for your organization with Vaidio’s Social Health Analytics. These include:
 - Temperature Detection
 - Face Mask Detection
 - Distancing Detection
 - Occupancy Detection
- ❑ Comply with health safety guidelines without the hassle to ensure health of your customers, employees, and company
