The Vaidio™ AI Vision Platform uses advanced AI to make video monitoring, access control, security alerts, health screening and forensic investigation more accurate, more automated, and more affordable - and helps make your business safer and more secure.

Vaidio is an ideal solution for Casinos wishing to be safer, more productive, and more secure. Vaidio allows for automated access control, enhanced facility security, and increased health safety with the industry's broadest array of AI-enabled video analytics. Vaidio is compatible with nearly any IP camera and most 3rd party VMSs, making the set-up process seamless and simple.

**ACCESS
CONTROL**

**SECURITY
ENHANCEMENT**

**HEALTH
SAFETY**

ACCESS CONTROL

- ❑ Enable easy access control for cars with License Plate Recognition in garages and parking lots
- ❑ Utilize Face Recognition for convenient and secure employee facility access
- ❑ Allow only vehicles or faces that are in your database to enter
- ❑ Integrate with 3rd-party gate automation systems to authorize access
- ❑ Use Vehicle Counting and Vehicle Make and Model Detection to keep track of vehicle occupancy levels at any garage/lot

SECURITY ENHANCEMENT

- ❑ Prevent theft and vandalism by improving facility security with Intrusion Detection
- ❑ Locate stolen items or vehicles with Person or Vehicle Tracking across multiple cameras
- ❑ Blacklist any criminals, thieves, or suspicious individuals and receive alerts upon their detection
- ❑ Receive alerts upon weapon detection, smoke or fire detection, person loitering detection, and person fall detection

HEALTH SAFETY

- ❑ Reduce the cost of COVID-19 health screenings for your organization with Vaidio's Social Health Analytics. These include:
 - Temperature Detection
 - Face Mask Detection
 - Distancing Detection
 - Occupancy Detection
- ❑ Comply with health safety guidelines without the hassle to ensure health of your customers and employees.
