### AIVA Face Search & Recognition

- ✓ Automatic face detection and recognition.
- ✓ Quick search for missing persons.
- ✓ Simultaneously detect multiple faces in a scene.
- ✓ Supports multiple black lists / white lists.
- ✓ Alert and log pre-registered faces.
- ✓ Provide 10 second playback clip of recognition.
- ✓ Personally ID information is not retained to comply with privacy laws.

### AIVA Intrusion Detection

- ✓ Detects intrusion based on object type, time frame, colors, quantities and regions of interest (ROIs).
- ✓ Supports different sensitivity levels to balance between detection speed and detection certainty.
- ✓ Supports multiple ROIs of any shape.
- ✓ Alert and log intrusions in a pre-defined ROI.
- ✓ Zero false alarms for maximum perimeter detection.

### AIVA Video Search

- ✓ Advanced video search engine.
- ✓ Instant search of animals, objects, people and vehicles in less than a second.
- ✓ Search by object type, color and quantity.
- ✓ People search by age and gender.
- ✓ Instant playback video of recorded event.
- ✓ Thumbnail search result view and export to Excel.
